BUDGET INTRODUCTION

Background Information

The WaterGrass I Community Development District is a local special purpose government authorized by Chapter 190, Florida Statutes, as amended. The Community Development District (CDD) is an alternative method for planning, financing, acquiring, operating and maintaining community-wide infrastructure in master planned communities. The CDD also is a mechanism that provides a "solution" to the State's needs for delivery of capital infrastructure to service projected growth without overburdening other governments and their taxpayers. CDDs represent a major advancement in Florida's effort to manage its growth effectively and efficiently. This allows the community to set a higher standard for construction along with providing a long-term solution to the operation and maintenance of community facilities.

The following report represents the District budget for Fiscal Year 2020, which begins on October 1, 2019. The District budget is organized by fund to segregate financial resources and ensure that the segregated resources are used for their intended purpose, and the District has established the following funds.

Fund Number	Fund Name	Services Provided			
001	General Fund	Operations and Maintenance of Community Facilities Financed by Non-Ad Valorem Assessments			
201	Debt Service Fund	Collection of Special Assessments for Debt Service on the Series 2019 Special Assessment Refunding Note			

Facilities of the District

The District's existing facilities include storm-water management (lake and water control structures), wetland preserve areas, street lighting, landscaping, entry signage, entry features, irrigation distribution facilities, recreational center, parks, pool facility, tennis courts and other related public improvements.

Maintenance of the Facilities

In order to maintain the facilities, the District conducts hearings to adopt an operating budget each year. This budget includes a detailed description of the maintenance program along with an estimate of the cost of the program. The funding of the maintenance budget is levied as a non-ad valorem assessment on your property by the District Board of Supervisors.

The purpose of the first public hearing is to receive public comment and objections on the Fiscal Year 2019/2020 Proposed Budget. The first public hearing is being conducted pursuant to Chapter 190, Florida Statutes. The purpose of the second public hearing is to consider the imposition of special assessments to fund the District's proposed budget for Fiscal Year 2019/2020 upon the lands located within the District, consider the adoption of an assessment roll, and to provide for the levy, collection, and enforcement of the assessments. The

second public hearing is being conducted pursuant to Florida law including Chapters 190 and 197, Florida Statutes. At the conclusion of the public hearings, the Board will, by resolution, adopt a budget and levy assessments as finally approved by the Board. A regular board meeting of the District will also be held where the Board may consider any other business that may properly come before it.

A copy of the proposed budget, preliminary assessment roll, and the agenda for the hearings and meeting may be obtained at the offices of the District Manager, Meritus, 2005 Pan Am Circle, Suite 300, Tampa, Florida 33607, Ph. (813) 397-5120 during normal business hours. In accordance with Section 189.016, Florida Statutes, the proposed budget will be posted on the District's website: http://watergrasswesleychapelcdd.org/ at least two days before the budget hearing date, and shall remain on the District's website for at least 45 days.

The special assessments are annually recurring assessments and are in addition to debt assessments, if any. The table below presents the proposed schedule of operation and maintenance assessments ("O&M Assessment"). Amounts are preliminary and subject to change at the hearing and in any future year. The amounts are subject to early payment discount as afforded by law.

Annual O&M Assessment (in addition to the Debt Service Assessment) will appear on November 2019 Pasco County property tax bill. Amount shown includes all applicable collection costs. Property owners are eligible for a discount of up to 4% if paid early.

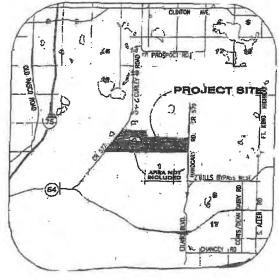

The Pasco County Tax Collector will collect the assessments for all lots and parcels within the District. Alternatively, the District may elect to directly collect the assessments in accordance with Chapter 190, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title or a foreclosure action to be filed against the property. All affected property owners have the right to appear at the public hearings and the right to file written objections with the District within twenty (20) days of publication of this notice.

The public hearings and meeting are open to the public and will be conducted in accordance with the provisions of Florida law for community development districts. The public hearings and meeting may be continued to a date, time, and place to be specified on the record at the hearings or meeting. There may be occasions when staff or board members may participate by speaker telephone.

In accordance with the provisions of the Americans With Disabilities Act, any person requiring special accommodations at this meeting because of a disability or physical impairment should contact the District Office at (813) 397-5120 at least forty-eight (48) hours prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at 711 for aid in contacting the District Office.

Each person who decides to appeal any decision made by the Board with respect to any matter considered at the public hearings or meeting is advised that person will need a record of proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.

The landscape enhancements at the Bridgeview entrance look good.

There's some fungus in the turf as you exit Bridgeview that needs treated.

Weed pressure in the Bridgeview parks is an ongoing battle. LMP is making some headway.

The park on Seedpod Loop has a lot of crabgrass, but is yellowing from herbicide treatments.

There's still some chinch bug activity in the circle in Peregrina.

There's a dead pine tree in the park at Summerglade LMP needs to remove.

LMP is in the process of trimming all the Chinese fan palms.

All the ornamental grasses are being trimmed.

The landscape enhancements along Angelstem are doing well and look good.

They have finished mulching the back of the beds.

All the rain is leaching the nutrients from the turf and it's starting to look chlorotic.

The sidewalk in front of the Silvercreek park is covered with mud from all the rain. We may need to add some additional drainage there.

Some of the beds need some weed detailing.

The Glenbrook park has a lot of sedge weeds. LMP has been treating but is battling the rains.

Pond 1 has some alligator weed growing around the perimeter.

Pond 12 has some erosion on the pond bank and LMP has giving us a proposal to sod for \$340.

Pond 12 is looking good.

Pond 8 has some alligator weed and grass weeds growing around the perimeter.

Pond 14 looks pretty good.

The remaining ponds all look good, no algae were visible just minor grass weeds around some of the perimeters.
